**FUSION 5**

**Licht Cured Total Etch One Component Bonding Adhesive**

**Product Description:**
Fusion Bond 5 adhesive was developed for bonding composites and componers to the tooth structure as well as direct filling with Fusion Universal (Ref. Number 10006-1), 10 x Micro Brushes, 10 x Applicator Tips.

**Composition:**

**Indications:**
Fusion Nano Hybrid Composite is indicated for direct filling of class I, II, III, IV and V Cavities in anterior and posterior teeth.

**Precautions:**
If allergic to methacrylate resins.

**Warning:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
- If allergic to methacrylate resins.
- If prolonged contact with the skin may cause irritation, burns or sensitization.
- If prolonged contact with the skin may lead to a sensitization towards methacrylates.
- If prolonged contact with the skin occurs immediately wipe off thoroughly with fresh water and consult a physician.

**Precautions:**
Avoid prolonged or repeated contact with skin (allergic contact dermatitis) and eyes. Avoid prolonged inhalation. Do not take internally. Not for use outside of the mouth.

**Interactions:**
Do not use Fusion Bond 5 adhesive if a patient is known to have a history of severe allergic reaction to any of the components.

**Contraindications:**
