Prevest DenPro Limited Signs Strategic MoU with Indian Dental Association to Advance Dental Research and Public Health

Prevest DenPro Limited (BSE: **543363**) is pleased to announce the signing of a Memorandum of Understanding (MoU) with the Indian Dental Association (IDA), India's leading professional body representing dental professionals. The agreement marks a significant step toward strengthening research, innovation, and professional development in the field of dentistry.

The MoU also includes the active involvement of Prevest Research Institute, the dedicated R&D arm of Prevest DenPro, recognized by the Department of Scientific and Industrial Research (DSIR), Government of India.

Key Objectives of the Collaboration:

- **Joint Research & Innovation:** Develop multidisciplinary research proposals, conduct clinical trials, and promote scientific publications.
- **Professional Development:** Launch fellowship and certificate programs in areas such as clinical research, scientific writing, and dental materials science.
- **Community Outreach:** Conduct community-based epidemiological studies and oral health promotion programs.
- **Public Health Advocacy:** Collaborate on national oral health campaigns and policy advocacy to

integrate oral health into primary healthcare.

Speaking on the occasion, **Mr. Atul Modi**, Managing Director of Prevest DenPro Limited, stated:

"We are proud to collaborate with the Indian Dental Association to drive impactful dental research and public health initiatives. This partnership reaffirms our commitment to excellence, innovation, and societal contribution in dental healthcare."

The MoU will be effective for five years from the date of signing and is expected to result in a series of strategic programs and initiatives aimed at enhancing oral healthcare in India.
